649	DEMO - ALL OTHER BUILDINGS

Property Address-Known physical address of the property.

Owner Name-Owner of the property

Owner Address-Property owners mailing address.

Owner Phone Number

Contractor Name-Contractor involved with this application.

Contractor Address-Address of primary contractor, if known

Contractor Phone-Phone number of primary contractor, if known

Applicant Name-Name of person applying for this application

Applicant Address-Address of applicant

Applicant Phone-Phone number of applicant

Application Date-Date of application

Project Valuation-Total Estimated Value of the project at application submission

Square Footage-Total estimated square footage of project at application submission, if applicable

Application Status Code-Code indicating current status of application, internal usage; codes as follows:

<u>Code</u>	<u>Description</u>
AI	Approval Issued
AP	Approved
CD	Construction Authorization (CA) Denied
CO	Certificate of Occupancy Issued
CL	Closed (note: means application closed out)
CA	Construction Authorization Issued
DN	Denied
ER	Environmental Health Received
IP	Improvement Permit Issued
IM	Improvement Permit Issued, but with improvements required before CA issuance
IA	In Approval
HD	On Hold
OP	Operation Permit (OP) Issued
PN	Pending
PI	Permit Issued/Printed
PC	In Plan Check
RJ	Rejected
TO	Temporary Occupancy Certificate Issued
WC	Well Construction Authorization Issued
WO	Well Operation Permit Issued

Parcel ID-County Tax Parcel ID of property involved in the application

Location ID-ID assigned to this parcel, internal usage

Structure Description-Description of structure involved in the application, if given

Sewer Max. Flow-design flow in gallons per day used in sizing & designing septic tank system

Sewer Imp. Type-Improvement Permit Code of septic system to be installed, codes as follows:

<u>Code</u>	<u>Description</u>
1A	Privy
1B	Chemical Toilet
1C	Incinerating Toilet
1D	Other Toilet System
1E	Grease Trap
2A	Conventional Septic System 480 GPD OR <
2B	CONV SEPT SYS 750 LINEAR FT OF NITRIF Line or Less
2C	Conventional Sept System-Shallow Placement
3A	Conv. Sep. System Sys >480 GPD Not Single Family
3B	Septic System w/ single effluent pump or siphone
3C	Gravity Fill System
3D	Dual Gravity Field System
3E	PPBPS System, Gravity Dosed
3F	Large Diameter Pipe System

- 3G Other Non-Conventional Trench Systems
- 4A Any System With LPP Distribution
- 4B System w/ more than 1 pump or siphon
- 5A Sand Filter PreTreatment System
- 5B >3000 GPD Sep.Sys. W/ Nitrif Field >1500 GPD
- 5C Treatment Unit (ATU)
- 5D Other Mech., BIO., OR Chem. PT <3000 GPD
- 6A >3000 GPD Mech., BIO., OR Chem. PT
- 6B Wastewater Reuse/Recycle

Sewer Auth. Type-Construction Authorization Permit, code of type septic system to install; codes same as Sewer Imp. Type

Sewer Op. Type-Operational Permit, type of the septic system installed; codes same as Sewer Imp. Type

Twp Code-Craven County township code the application was issued in

City Code-Municipal code the application was issued in; if within a municipality

Fire Code-Fire code the application was issued in; if within a fire code district

SSD Code-Special Service District code the application was issued in; if within a SSD

Permit 1 Type-Code representing the 1<sup>st</sup> permit type associated with this application

Code	Description

SIGN	SIGN PERMIT

Permit 1 Seq#-Sequence number of subsequent permits of this type to the application

Permit 1 Description-Full description of the permit type code

Permit 1 Status-Status of this permit. Codes as follows:

CO – C.O. Issued  
 CL – Closed  
 FI – Final Inspection Complete  
 HD – On Hold  
 PP – Permit Printed  
 PR – Permit Revoked  
 PC – Plan Check  
 TC – Temporary C.O. Issued  
 TI – To Be Issued

Issue Date yy/mm/dd-Date this permit was issued in Year/Month/Day format

Permit 1 Fee-Amount charged for this permit

Permit 1 Value-Valuation associated with this permit type; if given

Subcontractor Name (if any)-Name of the subcontractor performing the work associated with this permit type; if given

The remaining fields contain information for permits 2 through 10, which have been issued for the specific application.
